

# Digital PCR Seminar Tour 2012

Next Generation Quantitative PCR - Bio-Rad's Droplet Digital™ PCR Technology

INRA

Salle de conférence

Auzeville Chemin De Borde Rouge BP 52627 CASTANET TOLOSAN, 31326

Date: 27th of november Time: 14.00 - 16.00

1 hour

## Beyond qPCR:

- When qPCR is not enough • Introducing Droplet Digital™ PCR technology (ddPCR™)
- ddPCR applications
  - Detect rare DNA target copies with unmatched sensitivity
  - Determine copy number variation with unrivalled accuracy
  - Measure gene expression levels with the highest precision

## Conclusion

Register online at <http://bit.ly/TAHgTf>

# Registration

CASTANET TOLOSAN, 27th of november

Name.....

Institution.....

Address.....

City.....

Postal Code.....

Phone.....

Fax.....

Email.....

Your participation is free of charge. As the number of participants is limited we appreciate your early registration

We will send you a confirmation via email after your registration

To register, please send this form to:

Fax: +44 (0)208 328 2550

Email: [europe.lsg.marketing@bio-rad.com](mailto:europe.lsg.marketing@bio-rad.com)

For more details of this seminar, please contact:

Purchase of this instrument conveys a limited non-transferable immunity from suit for the purchaser's own internal research and development and for use in human in vitro diagnostics and all other applied fields under U.S. Patent Number 5,475,610 (Claims 1, 44, 158, 160-163, and 167 only), or corresponding claims in its non-U.S. counterpart, owned by Applied Biosystems. No right is conveyed expressly, by implication, or by estoppel under any other patent claim, such as claims to apparatus, reagents, kits, or methods such as 5' nuclease methods. Further information on purchasing licenses may be obtained by contacting the Director of Licensing, Applied Biosystems, 850 Lincoln Centre Drive, Foster City, California 94404, USA.

This product is covered by one or more of the following U.S. patents or their foreign counterparts owned by Eppendorf AG: U.S. Patent Numbers 6,767,512 and 7,074,367.

Bio-Rad's real-time thermal cyclers are licensed real-time thermal cyclers under Applied Biosystems' U.S. Patent Number 6,814,934 B1 for use in research, human in vitro diagnostics, and all other fields except veterinary diagnostics.

This product is covered by one or more of the following U.S. patents or their foreign counterparts owned by Eppendorf AG: U.S. Patent Numbers 6,767,512 and 7,074,367.
